Detective Portrayed Wild  
West Highwayman

Learned Thieves' Secrets  
During Joy Rides

(RECEIVE DISPATCH.)

NEW YORK, July 4.—A "human bloodhound," is Special Agent Gordon McCarthy of the American Railway Express, who for seven months tracked his quarry, finally caught up with them and, in the assumed role of a western highwayman, mingled with the members of the alleged bandit gang he had trailed, gained their confidence and wormed their secrets from them on joyrides, at gay dinners, Broadway theaters and cabarets before springing the trip which resulted in their arrest yesterday.

Postoffice inspectors, Department of Justice officials and police authorities were loud today in their praise of McCarthy's detective work, which, with the arrest of "Count" Edward Bryce and Charles Lambert of New York City and Charles Heines of Rochester, N. Y., promises to clear up the \$1,500,000 bond robbery of a mail truck at Leonard street and Broadway, October 24, and a \$65,000 American Railway Express wagon hold-up at Niagara Falls two months later.

He struck up an acquaintance with them, boasted of a record of banditry in the West, joined them in a merry whirl of shows, cabarets and nearby resorts, to which they motored in "Count" Bryce's limousine and later winning their confidence by laying elaborate plans for several daring hold-ups, learned many of their secrets. Last Sunday they, for the first time, became suspicious of McCarthy, and fearing to delay longer, he arranged for their arrest yesterday in the Count's automobile. Heines, also known as "Dutch Anderson," was today identified by Frank Harvath, driver of the looted mail truck, as the bandit who jumped upon the seat beside him and covered him with a revolver while his companions selected the most valuable of the registered pouches.

Algunos nacionales de influencia se opusieron a esa transacción, diciendo que pasaba a ser una propiedad de extranjeros tan vastas extensiones de tierra. July 4.—Standing on the site where the first missionary school in the old Indian country was established and where her mother, a teacher in that school, met her father, Miss Alice Robertson, Oklahoma Congresswoman, opened her campaign here today for the Republican nomination to represent her district.

Speaking under the auspices of two national orders, Miss Robertson reiterated that her only platform was "a Christian, an American and a Republican one." She opened her address with a Scriptural passage, which she read from a large Bible. Miss Robertson declared "she had never made and never would make a pre-election promise." She added that circumstances could easily make it impossible to keep promises honestly. The speaker defended her opposition to the cash bonus for soldiers on the ground that the nation is not financially able to carry out an extensive bonus program.

Her own war record, she asserted, was proof that she had supported "the boys."

"No one man is going to deliver the 'soldier vote.' ## SOCIETY LEADER BECOMES MONK

Ex-Member French Chamber  
of Deputies Enters the  
Benedictine Order

(BY CARL AND ASSOCIATED PRESS)  
PARIS, July 4.—Court de  
Bourges, once a noted figure in  
Paris society and former  
member of the Chamber of  
Deputies, has decided to enter  
the Benedictine order. Mem-  
bers of this order are bound  
to a rigorous regimen, one of  
the rules requiring to arise at  
4 a.m.

from Santa Barbara, where he in-  
stituted the Santa Barbara branch  
of the "Forty and Eight" (the  
Shrine of the American Legion),  
talked to more than 400 former  
service men during his trip. Rep-  
resentatives of the ex-warrior or-  
ganizations from Los Angeles  
to San Diego were in attendance,  
and all were equally concerned in  
the impression that the "soldier  
vote" was already cast for John-  
son—or could be "delivered" by  
one of his henchmen.

"There is no such thing as a  
wave of enthusiasm among the  
former soldiers for Johnson," said  
Mr. Goss. "Johnson is far from  
being the idol of those Americans  
who fought for their flag. A sum-  
ming up of his public career does  
not stamp him as a 'supreme  
patriot,' as his followers would  
have us believe."

"In my opinion, more votes will  
be cast for Charles C. Moore than  
for Hiram Johnson in the coming  
primaries, which will elect the  
Republican candidate for Senator  
from California. The service men  
believe that the things they have  
asked for would be good business  
for the government of grant—and  
they know that Moore is a real  
business man. He is not warped by  
obligations that would tie him  
down to anything but a free-minded  
fair decision on questions of na-  
tional import, and he would enter  
the Senate free of all of the  
clique-binding ties that seem to  
have influenced certain members  
of that body."

"The so-called soldier vote is  
untrammeled. For anyone to claim  
that it will be cast for Johnson,  
or to assert it can be 'delivered,'  
is nothing but a mis-statement."  
Strong endorsement of Charles  
C. Moore's candidacy contained in  
the organization yesterday of  
the colored Moore-for-Senator club,  
in which leading members of the  
colored race residing in Los An-  
geles will play an active part. Mr.  
Moore's firm approval of the Dyer  
anti lynching bill, in the face of his  
opponents' unannounced stand  
on the measure, has appealed in more  
than ordinary fashion to the col-  
ored voters, and he will be be-  
hind Moore to a man, it is de-  
clared.

Hundreds of members are ex-  
pected to be enrolled in the Moore-  
for-Senator club among the colored  
citizens. Yesterday's roll call found  
the following already enlisted in  
the Moore cause:

Rev. J. E. McCord, Rev. Father  
Cleghorn, Rev. S. M. Beane, Rev.

## FAMOUS SANCTUARY SOUGHT BY ITALY

VATICAN PASSES CLAIM FOR  
"CENACULUM," SCENE OF  
LORD'S LAST SUPPER

(BY CARL—EXCLUSIVE DISPATCH.)

ROME, July 4.—The Vatican is  
making strenuous efforts to save  
for Christianity, if not all Palestine,  
at least the sanctuary of the  
"Cenaculum" in Jerusalem, where  
the Lord's last supper took place.

The publication of the French and  
English white books on Palestine  
reaffirming the decision to make  
Palestine the national home of the  
Jews and the white book of the  
American Congress approving this  
determination caused a deep  
disappointment in Italian circles.

The Vatican is watching closely  
Foreign Minister Schanzer's nego-  
tiations in London concerning the  
sanctuary of the Cenaculum,  
which is claimed by Italy. The  
Corriere Della Sera, a Catholic  
newspaper, maintains that the  
sanctuary is the private property  
of the King of Italy and of this  
reason, despite the fact that it has  
a mandate over Palestine, England  
has no jurisdiction over the holy  
place.

The newspaper supports its argu-  
ments by quoting history.

"In the year 132," says the pa-  
per, "King Robert of Naples  
bought the sanctuary and placed  
therein a group of minor priests who  
later bought from the King the sur-  
rounding land where they built a  
monastery. In 1552 the Sultan  
confiscated the property and  
turned the sanctuary into a  
mosque, but during the Versailles  
conference Italy demanded the  
restoration of the property to Italy's  
King, who was entitled to it as  
the heir to the King of Naples."

"The demand was recognized as  
just and in 1919 the Sultan by a  
special edict returned the prop-  
erty to the King, but when the  
English government was asked to  
approve the Sultan's action, which  
was meant to right an ancient  
wrong, it refused, saying the mat-  
ter must be decided by an ec-  
clesiastical committee."

The Vatican is now relying on  
Sig. Schanzer's ability to obtain  
the sanctuary for the King who  
is expected to donate it to some  
religious order.

## REICHSTAG RATIFIES TREATY OF RAPALLO

(BY CARL AND ASSOCIATED PRESS)  
BERLIN, July 4.—The treaty of  
Rapallo, signed between Germany  
and Russia during the Genoa con-  
ference, was ratified by the Reich-  
stag today.

There was no debate over the  
question of ratification with the ex-  
ception of remarks by a Com-  
munist deputy who demanded that  
the treaty be amplified to include  
the other soviet republics.

# PUT CHECK ON FOREIGN INFLUX

Congressman Johnson Sees Need of New Laws

Would Require Immigrant to Have Certificate

Advices Voluntary Plan of Registration

(REUTERS DISPATCH.)  
WASHINGTON, July 4.—Passage of permanent restrictive immigration legislation is on the program for next winter's session of Congress, Representative Johnson, Washington, chairman of the House Committee on Immigration, believes that the United States never will return to the wide open-door policy prevailing prior to the passage of the present temporary law last year. Johnson at next winter's session expects to press a bill which he introduced before the adjournment of the House, revising the present law so as to give all countries a base quota of 400 plus 2 per cent of the number of aliens from that particular country in the United States as shown by the census of 1910. His bill also contains other new features, including a requirement that aliens coming into the United States shall obtain a certificate of admission from an American consul.

**LAWS ARE SLOW**  
"Many persons wonder why the percentage law has not been tightened up, and made more binding," said Mr. Johnson, explaining the situation. "Some ask why Congress has not enacted a law completely suspending immigration for a period of years. Let me remind all of these questioners that it took more than twenty-five years of continuous effort to get a law even as restrictive as the 2 per cent act."  
"In my opinion the act limiting immigration to 350,000 for the fiscal year ending June 30 came in the nick of time. It has saved the United States in that year from an influx of fully 1,500,000 immigrants at a time when we could neither assimilate nor employ them."  
"The 2 per cent act ended the asylum idea just in time to prevent the United States from becoming the alms house of the world. Many of the alien inmates would like to run the asylum," he added.  
"Now as to registration, am firmly of the opinion that aliens who come to the United States hereafter should arrive with a certificate showing their complete information concerning their alien status and not even in great haste of naturalization. I think we would do well to change the place of naturalization. My mind is open concerning the part of registration. I am in doubt as to whether a law for compulsory registration can be enforced. I think, however, that a great majority of the alien population now in the United States are willing to accept the voluntary registration system. I think they misunderstand the proposal and that they are being misinformed by the foreign-language press."  
"As we progress with restriction of immigrants, and require them not to start from the old country without a proper certificate, the undesirable kind will not get a chance to make the start for the United States and we will be better off."

## NEW TRANSPORTATION INSTITUTE PLANNED

ENDORSED BY CONGRESSMEN AS PRESSING NATIONAL MATTER

(REUTERS DISPATCH.)  
WASHINGTON, July 4.—With endorsement from President Harding, leading members of Congress and the Interstate Commerce Commission, definite plans are under way for the establishment in Washington of a national transportation institute, which will be headed by Edgar K. Clark, formerly chairman of the committee on immigration and recognized as one of the best-informed men on the subject of transportation in the United States.  
A fund of \$1,000,000 to be subscribed by both shippers and the roads to finance the project, is the goal set by the organizers of the institute. The definite form of the organization has not yet been determined, but Mr. Clark will act as chairman of the board of governors, which will be composed of representative men in the transportation world.  
"The broad and outstanding study of the entire transportation problem is unquestionably a serious national matter—indeed, I think I may well say a serious world emergency at this time," said President Harding in a letter of endorsement.  
"Such an organization as you are proposing ought to become a power in connection with nationwide consideration of these problems and a useful directing force in connection with determination of public policy."  
Senator Cummins, Iowa, chairman of the Senate Interstate Commerce Committee, said with the understanding that the institute would be "wholly disinterested," he felt free to say that nothing was more needed at this time than an organization having for its purpose the ascertainment and dissemination of the truth respecting transportation.

## CHINESE LEADERS WORKING FOR PEACE

CANTON FACTIONS TRYING TO UNITE FOR PEACE OF REPUBLIC

(THE ASSOCIATED PRESS.)  
CANTON (China), July 4.—(Delayed) Probability of a reconciliation and peaceful settlement of their differences by Sun Yat-sen, former president of the South China republic, and Chen Chung-Ming, the military leader who deposed him, is reported to be brighter than at any time during the past two weeks.  
General Ngai Heng-Ping, commander of the third division of the Cantonese army, is acting as mediator and it is understood that he has paved the way for a concrete proposal which will bring the two southern chieftains together as another step in the general program to unite all China.  
The only recent sign of disorder in the neighborhood of Canton was a bomb explosion today at Shek-pai, four miles from the city, which wrecked the railroad and blocked traffic between Canton and Hongkong.

## OUR EXPENSES CAP RECEIPTS

Government Paper With  
Serious Problems

Forthcoming Earnings Are  
Millions Short

Next Year's Budget Needs  
Vast Reductions

WASHINGTON, July 4.—Bright prospect is seen by Senator Capper, Kansas, head of the Senate Finance Committee, at any marked reductions in government expenditures and expenditures in the years of the immediate future. In order to keep down expenses at all Senator Capper says that small savings must be made wherever possible. He enumerates among the comparatively small items which can be eliminated such things as the distribution of free seeds by members of Congress, the construction of new public buildings and river and harbor improvements.

"It may be necessary to invent new taxes to meet the government's expense account and a half-billion-dollar deficit in revenue in the fiscal year beginning July 1," said Senator Capper.

**WAR OBLIGATIONS DUE**  
"Several billions of war obligations are coming due that year, including \$125,000,000 of accumulated interest on War Savings Bonds. Much, if not all, of this huge amount will have to be refunded. Even then, Secretary Mellon says, the government will lack \$100,000,000 of meeting expenses for the year."

"By tapping of \$1,500,000,000 of expenditures, a world record in economy, the Harding administration has brought us through the fiscal year ending June 30, without a deficit and with a few millions to spare. But on this reduced scale of national living, expenditures for the fiscal year beginning July 1, will exceed the government's income by \$500,000,000 because Federal revenues are shrinking."

**EXPENSES EXCEEDED RECEIPTS**  
"As calculated by Secretary Mellon, all the government's sources of income for that year will not exceed \$3,233,500,000 and expenditures will reach \$3,657,000,000. This shows an outgo exceeding the government's income of \$423,500,000, to which must be added the \$125,000,000 interest due on War Savings Bonds Jan. 1, 1922. "It will cost more than \$10,000,000 a day to run the government, not including the cost of free seeds."

"I used to think an era of high taxes for Americans would be a blessing in disguise. That was before the war."

**HIGH TAX THEORY**  
"I believed high taxes would quicken the coming of a business administration of public affairs, local, State and national, and teach us to use public funds to the best advantage."

"The war has since brought the high taxes and with them the most urgent need of economy and efficient management in government. This country has ever known. But we are not getting results from its lessons in economy when Congress unhesitatingly adds twenty-four more or less unnecessary Federal judges and their superannuated salaries to the government's pay roll, nor when \$15,000,000 can be found in a moment into that sink hole of iniquity and untold millions, the river and harbor bill."

## INJUNCTION HALTS INTERESTING CASE

ACTION AGAINST EDITOR  
HELD UP BY ORDER OF  
HIGHER COURT

(LOCAL CORRESPONDENT)  
SOUTH PASADENA, July 4.—What promised to be the most interesting local sensation in many months is to prove a dud. Tomorrow the Justice Court will be vacant and silent instead of packed to the doors with interested listeners to the scheduled trial of J. O. Wickiser, editor and publisher of the South Pasadena Record.

Judge Frederick Houser of the Superior Court has granted a temporary injunction restraining further action against the journalist, arrested on two separate counts for so-called violations of the building permit and zoning ordinances. On the second count Foreman James Johnson of Los Angeles and ten workmen were made co-defendants with Mr. Wickiser. The first-mentioned was arrested while busy on the construction of the new Wickiser Building block on Fair Oaks avenue, between Oakley street and Fremont avenue. All were held on \$250 bond.

A fringe of what is said to be political animus adds interest to the case. Mr. Wickiser has attempted for months to secure permission to build on his property, which is in the restricted residential zone. The City Council, a majority of whom the editor vigorously opposed at the last election, reformed the matter of creating a new business center at that point to the City Planning Commission, which has not yet reported. Apparently nettled by the delay, Mr. Wickiser is charged with having started his building without securing a building permit on property forbidden to business structures. The City Council denies any political animus against Mr. Wickiser, but is determined to enforce the law. If the city wins in the forthcoming action it is believed quite probable that action will be taken to tear down the several thousand dollars' worth of construction already completed.

## TRANSFER HUGE ESTATE

Mexican Government Acquires Six-Million-Acre Tract; American Financiers Lose Out

(BY A. P. DAY WIRE)  
MEXICO CITY, July 4.—Arrangements were announced today for the transfer of more than 6,000,000 acres of land comprising the estate of Col. Luis Terrazas in the State of Chihuahua to the Caja de Prestitos Federal Bank of Mexico, for a sum aggregating almost 18,000,000 pesos (about \$7,000,000). This is the tract for which A. J. McQuatters of New York and a syndicate of American financiers are understood to have been negotiating, seeking it for colonization purposes. It is believed that the government also intends to use the tract for that purpose.

EL PASO, July 4.—Sen. Terrazas' estate consists of more than six million acres of Chihuahua.

to bear against the arrangement, it being contended such transactions should not be in possession of foreigners. The result was the issuance of an appropriation decree by President Obregon.

Gen. Terrazas immediately began proceedings in the Federal court at Juarez to prevent carrying out of the decree. This was in April and the Juarez court was expected to announce its decision some time in July. Meanwhile Roberto Pasquero, former Mexican government fiscal agent in El Paso, was designated by President Obregon to bring about an amicable settlement of the matter. While the officials of the Juarez court today were without knowledge of the settlement reached by the Juarez court, those who had kept in touch with the case pointed out that the settlement probably included refunding \$500,000 said to have been expended by McQuatters before his deal was terminated and financial arrangements satisfactory to Gen. Terrazas.

FACT UNDER CONSIDERATION, HOUSE IS TOLD

(BY CABLE-EXCLUSIVE DISPATCH)  
LONDON, July 4.—An intimation that the proposed Anglo-French guarantees pact will provide stipulations whereby Great Britain promises to dispatch a certain number of divisions of troops to France at once in case of German aggression was made in the House of Commons today by Sir Laming Worthington Evans, the Minister of War. Replying to questions as to whether Great Britain had an agreement with France he said not yet but "the conclusion of a pact involving useful support for France under certain circumstances is under discussion. It is too early to state along what lines these proceedings will develop."

## BRITISH AIR FORCES MAY BE INCREASED

(BY CABLE-EXCLUSIVE DISPATCH)  
LONDON, July 4.—Prime Minister Lloyd George in the House of Commons this afternoon said that he would make a statement on the British aviation program next Thursday. It is understood that the cabinet has decided to increase materially the air force in view of the reductions of British naval aspirations through the Washington conference and because of Germany's potential aviation possibilities and the overwhelming size of the French air force. The reconstruction of airships is under examination as a result of America's purchase of a dirigible from Germany, the work on which has just started, and the Spanish utilization of Zeppelins for cross-Atlantic service with Argentina.

# GRAND ARMY SETTING PACE

Invites Legions to Next National Encampment

Spirit of the Sixties to be Passed to Youth

Old-Time Patriotism Offered as Pattern

DES MOINES, July 4.—Patriotic groups throughout the country today began preparations for a great all-American convocation in Des Moines next September, in which nine patriotic organizations will assemble for the national encampment of the Grand Army of the Republic.

Today has been set by the general executive committee of the encampment for the issuance of the general encampment call to every state in the Union. The nine organizations represented in this call are the Women's Relief Corps, Sons of Veterans, Daughters of Veterans, Sons of Veterans Auxiliary, Ladies of the G.A.R., National Association of Union ex-Prisoners of War, National Association of Vicksburg Veterans, Grand Army of the Republic and National Association of Army Nurses.

More than 75,000 of their members are expected to attend the gathering September 24 to 30. Invitations are also being sent today to headquarters of every patriotic body in America, not officially allied with the G.A.R., urging that they be represented by special delegates to participate in the patriotic ceremonies to be conducted during the convocation.

The G.A.R. encampment this year will be of unusual significance, officials here said today. "This is to be one of the last great gatherings of the veterans of the Civil War and will be one of the last opportunities the younger allied organizations will have to learn the spirit of those old fighters," it was stated.

"We must make the spirit of the '60s live after the last surviving member of the Grand Army has passed," George E. Hamilton, secretary of the general executive committee said today. "More than 25,000 blue-coated veterans and their thirty six and drum corps will march this year to make a lasting impression on patriotic America."

## NO EFFORT MADE TO CURB OPIUM USERS

THOUSANDS ARE LICENSED TO SMOKE IN JAPANESE TERRITORY

SHANGHAI, July 4.—The sale of opium is practically unrestricted in Japanese territory in Shanghai. The easy exportation renders the price low.

In Shanghai the Japanese abolished the government monopoly, but the government issued licenses to habitual smokers. The purchaser was permitted to buy from one dealer whose sales were subject to government regulations. Formerly the government charged a \$1 a month for an opium smoking license, but few obtained it, since they could buy smuggled opium cheaply. The government then made the license free. Then the license jumped into the thousands.

All licenses expire next March, when new ones will be issued. The government declares it receives no revenue from the opium traffic, but it is generally believed that many officials and employees derive some through peddling the wholesale smuggling of drugs. The drugs are largely inferior, being received from Persian sources. The situation was discovered through investigations connected with the rehabilitation of Shanghai.

## CONGRESSMAN HAS CLOSE CALL IN AIR

MEMPHIS (Tenn.), July 4.—Representative Herrick of Oklahoma, who left Memphis this morning in an airplane for Perry, Okla., was slightly injured when his plane fell near Hamilton, a short distance from Tynnes, Ark., this afternoon, according to a telephone message to the Memphis Commercial Appeal. It was stated that Mr. Herrick's injuries were confined to bruises. E. G. Person, the aviator who accompanied the Oklahoma congressman, also was slightly injured. The airplane was wrecked.

As a Cheer-Up Man, He's the Cat's Blime Ribbon

By O. Jacobson

## WHEN GUNN WAD TAKES A MESSAGE, BETTER WRITE IT!

Can You Think of an Idea as Funny or Funnier Than This? If So, Send It in and Win a Cash Prize. Starting every Friday and ending every Thursday, The Times conducts a Wad comic-strip contest. The best idea gets \$10, and next \$5, and all others available. Each picture must be original, local, "drawable" and funny. Each picture must be described in words or a rough sketch.
